

Become a Friend of Terra Nuova

IN ITALY

The support of friends and supporters throughout Italy is very important. You can help us by cooperating on the awareness-raising initiatives that we organise around the country, on the issues we deal with, our projects, our campaigns.

Together we can:

- organise seminars, conferences, informal meetings;
- participate in demonstrations and other events linked to our work;
- get in touch with potential partners in your area;
- get in touch with local government, schools and businesses to organise information meetings, workshops, used mobile phone and tablet collection points (link to page);
- distribute Terra Nuova's newsletter;
- Support students who wish to write their thesis or conduct research on the issues Terra Nuova works on.

Contact us and we can talk!

OUTSIDE ITALY

If you are interested in spending some time working abroad, or in working on one of our projects in Africa and Latin America, write to us! We can make agreements on a case by case basis, depending on the opportunities available with our overseas offices and our local partners.

Some of the basic requirements are:

- knowledge of the working language of the selected country
- basic knowledge about the geo-political situation of the country
- flexibility in terms of dates and times
- ability to pay for travel costs and accommodation on site
- obey the security rules set down by Terra Nuova for the country
- respect for the local culture
- availability for at least two months
